

Support Group for Chinese Students

中国学生心理支持讨论小组

Every other Friday 1:00-2:30pm
Beginning September 11

In these ongoing difficult times, many Chinese students may have experienced harassment, discrimination, and feelings of fear, anxiety, loneliness, and isolation. To provide support, Dr. Claire Shen will be leading a virtual support group for Chinese students to come together to share their experiences, discuss coping strategies, and receive and provide support to one another. This group will be conducted in Mandarin Chinese.

小组讨论将用中文进行
